PROFESSIONAL SUMMARY

AI Ads Specialist focused on creating UGC-style, VSL, and AI-generated video creatives for eCommerce products. Experienced in developing portfolio ad projects from scripts and visual references, including scene planning, AI-generated visuals, product-focused storytelling, voiceover workflows, and attention-driven editing. Combines hands-on creative production with a background in Shopify product listing and market research to develop clear, audience-focused advertising concepts.

KEY SKILLS

AI Video Ad Production | UGC-Style Creatives | VSL-Style Ads | Direct-Response Storytelling | Hook & Scene Development | Script-to-Video Workflow | AI Image & Video Generation | Product Demonstrations | B-Roll Planning | Short-Form Editing | Voiceover Integration | Creative Iteration | eCommerce Product Research

SELECTED AI AD CREATIVE PROJECTS

UGC-Style Skincare Product Ad | Portfolio Project

- *Developed an Italian-language beauty ad concept around a lightweight foundation, using relatable customer concerns, product demonstration scenes, and benefit-driven messaging.*
- *Planned consistent AI character shots, in-car testimonial-style footage, and product-application visuals with natural smartphone-style movement.*

WonderQuest 4K Discovery Microscope | Portfolio Project

- *Planned a short-form product story contrasting passive screen time with hands-on discovery, using two child characters and an emotional parenting narrative.*
- *Developed scene-by-scene AI image and animation prompts for product reveal, curiosity-driven B-roll, and closing call to action.*

Wellness & eCommerce Ad Concepts | Portfolio Projects

- *Created AI scene concepts for product demonstrations, problem-solution hooks, testimonial-style visuals, and short-form advertising sequences.*
- *Used reference-led shot planning and iterative prompting to support consistent characters, products, and realistic visual motion.*

PROFESSIONAL EXPERIENCE

Shopify Product Listing Specialist

US-Based E-Commerce Startup | April 2026 – August 2026

- *Created and maintained product listings, including titles, descriptions, images, variants, prices, and inventory details.*
- *Optimized product presentation for clarity and consistency; reviewed pages for accuracy and alignment with brand guidelines.*

Product Research Specialist

US-Based E-Commerce Store | September 2025 – April 2026

- *Researched products, competitors, demand, and pricing to support eCommerce product selection.*
- *Organized market findings and evaluated product positioning with attention to customer relevance and detail.*
